Subd. 9b. Repayment of service pension in certain instances. If a retired volunteer firefighter does not permanently separate from active firefighting service as required by subdivision 1 and section 424A.001, subdivision 9, by resuming active service as a firefighter in the same volunteer fire department or as a person in charge of firefighters in the same volunteer fire department, no additional service pension amount is payable to the person, no additional service is creditable to the person, and the person shall repay any previously received service pension.

Subd. 10. Local approval of bylaw amendments; filing requirements. (a) Each relief association to which this section applies shall file a revised copy of its governing bylaws with the state auditor upon the adoption of any amendment to its governing bylaws by the relief association or upon the approval of any amendment to its governing bylaws granted by the governing body of each municipality served by the fire department to which the relief association is directly associated. Failure of the relief association to file a copy of the bylaws or any bylaw amendments with the state auditor shall disqualify the municipality from the distribution of any future fire state aid until this filing requirement has been completed.

(b) If the special fund of the relief association does not have a surplus over full funding pursuant to section 69.772, subdivision 3, clause (2), subclause (e), or 69.773, subdivision 4, and if the municipality is required to provide financial support to the special fund of the relief association pursuant to section 69.772 or 69.773, no bylaw amendment which would affect the amount of, the manner of payment of, or the conditions for qualification for service pensions or ancillary benefits or disbursements other than administrative expenses authorized pursuant to section 69.80 payable from the special fund of the relief association shall be effective until it has been ratified by the governing body or bodies of the appropriate municipalities. If the municipality is not required to provide financial support to the special fund pursuant to this section, the relief association may adopt or amend without municipal ratification its articles of incorporation or bylaws which increase or otherwise affect the service pensions or ancillary benefits payable from the special fund so long as the changes do not cause the amount of the resulting increase in the accrued liability of the special fund to exceed 90 percent of the amount of the prior surplus over full funding and the changes do not result in the financial requirements of the special fund exceeding the expected amount of the future fire state aid to be received by the relief association.

(c) If the relief association pays only a lump sum pension, the financial requirements are to be determined by the board of trustees following the preparation of an estimate of the expected increase in the accrued liability and annual accruing liability of the relief association attributable to the change. If the relief association pays a monthly benefit service pension, the financial requirements are to be determined by the board of trustees following either an updated actuarial valuation including the proposed change or an estimate of the expected actuarial impact of the proposed change prepared by the actuary of the relief association. If a relief association adopts or amends its articles of incorporation or bylaws without municipal ratification pursuant to this subdivision, and, subsequent to the amendment or adoption, the financial requirements of the special fund pursuant to this section are such so as to require financial support from the municipality, the provision which was implemented without municipal ratification shall no longer be effective without municipal ratification, and any service pensions or ancillary benefits payable after that date shall be paid only in accordance with the articles of incorporation or bylaws as amended or adopted with municipal ratification.
