Office of the State Auditor

Rebecca Otto
State Auditor

**PIKE LAKE AREA WASTEWATER
COLLECTION SYSTEM
TWIG, MINNESOTA**

FOR THE YEAR ENDED DECEMBER 31, 2014

Description of the Office of the State Auditor

The mission of the Office of the State Auditor is to oversee local government finances for Minnesota taxpayers by helping to ensure financial integrity and accountability in local governmental financial activities.

Through financial, compliance, and special audits, the State Auditor oversees and ensures that local government funds are used for the purposes intended by law and that local governments hold themselves to the highest standards of financial accountability.

The State Auditor performs approximately 150 financial and compliance audits per year and has oversight responsibilities for over 3,300 local units of government throughout the state. The office currently maintains five divisions:

Audit Practice - conducts financial and legal compliance audits of local governments;

Government Information - collects and analyzes financial information for cities, towns, counties, and special districts;

Legal/Special Investigations - provides legal analysis and counsel to the Office and responds to outside inquiries about Minnesota local government law; as well as investigates allegations of misfeasance, malfeasance, and nonfeasance in local government;

Pension - monitors investment, financial, and actuarial reporting for approximately 700 public pension funds; and

Tax Increment Financing - promotes compliance and accountability in local governments' use of tax increment financing through financial and compliance audits.

The State Auditor serves on the State Executive Council, State Board of Investment, Land Exchange Board, Public Employees Retirement Association Board, Minnesota Housing Finance Agency, and the Rural Finance Authority Board.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Pike Lake Area Wastewater Collection System
Twig, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of the Pike Lake Area Wastewater Collection System as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the System's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the System's preparation and fair presentation of the

financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the System's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Pike Lake Area Wastewater Collection System as of December 31, 2014, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not part of the basic financial statements is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Pike Lake Area Wastewater Collection System's basic financial statements. The supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 31, 2015, on our consideration of the Pike Lake Area Wastewater Collection System's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Pike Lake Area Wastewater Collection System's internal control over financial reporting and compliance.

**PIKE LAKE AREA WASTEWATER COLLECTION SYSTEM
TWIG, MINNESOTA**

**NOTES TO THE FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2014**

1. Summary of Significant Accounting Policies

The accounting policies of the Pike Lake Area Wastewater Collection System conform to generally accepted accounting principles.

A. Financial Reporting Entity

The Pike Lake Area Wastewater Collection System was formed February 3, 1998, pursuant to Minn. Stat. § 471.59, *Joint Exercise of Powers*. The System was created for the purpose of providing the equipment, services, and other items necessary and appropriate for the establishment, operation, and maintenance of a joint wastewater collection system for the mutual benefit of the Towns of Canosia and Grand Lake. The System is governed by a six-member Board, with three members appointed by each Town. All members have equal voting rights.

The Pike Lake Area Wastewater Collection System was constructed with general obligation revenue bonds from the Public Facilities Authority and Wastewater Infrastructure grants. The Towns of Canosia and Grand Lake provided this funding to the Pike Lake Area Wastewater Collection System, which then administered the construction contracts. These expenditures were funded 69 percent by the Town of Canosia and 31 percent by the Town of Grand Lake. The Pike Lake Area Wastewater Collection System receives resources from System operations and special assessments levied by the Towns of Canosia and Grand Lake to repay the general obligation revenue bonds.

The Pike Lake Area Wastewater Collection System is a primary government, as defined by Governmental Accounting Standards Board Statement 14, and the System has no component units for which the System is financially accountable.

B. Basis of Presentation

The accounts of the Pike Lake Area Wastewater Collection System are presented as an enterprise fund. Enterprise funds are used to account for operations financed and operated in a manner similar to private business enterprises--where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

**PIKE LAKE AREA WASTEWATER COLLECTION SYSTEM
TWIG, MINNESOTA**

1. Summary of Significant Accounting Policies

B. Basis of Presentation (Continued)

Operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the System. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as grants and investment earnings, result from nonexchange transactions or incidental activities. The System's net position is reported in three parts: (1) investment in capital assets, (2) restricted net position, and (3) unrestricted net position.

C. Basis of Accounting

The Pike Lake Area Wastewater Collection System's financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned, and expenses are recognized when a liability is incurred, regardless of the timing of related cash flows.

When an expense is incurred for purposes for which both restricted and unrestricted net position are available, it is the System's policy to use restricted resources first.

D. Assets and Liabilities

Cash

Cash consists of an operations checking account, an operations savings account, a repair and replacement savings account, and a debt service savings account.

Accounts Receivable

Accounts receivable consists primarily of the December user charges.

**PIKE LAKE AREA WASTEWATER COLLECTION SYSTEM
TWIG, MINNESOTA**

1. Summary of Significant Accounting Policies

D. Assets and Liabilities (Continued)

Due From Other Governments

Due from other governments consists of the amounts that the Towns of Canosia and Grand Lake owe the Pike Lake Area Wastewater Collection System for the debt service payments made by the System on behalf of the Towns. The Towns of Canosia and Grand Lake turn over their assessments to the Pike Lake Area Wastewater Collection System, and these assessments are used to make the annual debt payments by the System on behalf of the Towns. The debt is not reported as the System's debt, but rather the Towns' debt.

Restricted Assets

Restricted assets consist of monies specified for payment of collection system repair and replacement costs or debt service.

Capital Assets

Capital assets are stated at cost. Donated capital assets are recorded at estimated fair value at the date of donation.

Depreciation is determined using the straight-line method for the estimated useful lives of the assets.

<u>Classification</u>	<u>Estimated Life</u>
Sewer lines	50 years
Lift stations	10 years
Equipment	10 years

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Net interest costs on funds borrowed to finance construction of capital assets in proprietary funds are capitalized during the construction period and amortized over the life of the related asset.

**PIKE LAKE AREA WASTEWATER COLLECTION SYSTEM
TWIG, MINNESOTA**

1. Summary of Significant Accounting Policies

D. Assets and Liabilities (Continued)

Classification of Net Position

Net position is classified in the following categories:

Investment in capital assets - the amount of net position representing capital assets, net of accumulated depreciation, and reduced by outstanding debt attributed to the acquisition, construction, or improvement of the assets.

Restricted - the amount of net position for which external restrictions have been imposed by creditors, grantors, contributors, or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

Unrestricted - the amount of net position that does not meet the definition of restricted or investment in capital assets.

E. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Detailed Notes

A. Deposits

The System is authorized by Minn. Stat. § 118A.02 to deposit its cash and to invest in certificates of deposit in financial institutions designated by the System's Board. The System does not have a policy on custodial credit risk. At December 31, 2014, the System's deposits totaled \$573,766, all of which were cash deposits insured as required by Minnesota statutes. The carrying value of these deposits was \$573,024. During 2014, the System had an adequate amount of insurance and collateral pledged to cover its deposits.

**PIKE LAKE AREA WASTEWATER COLLECTION SYSTEM
TWIG, MINNESOTA**

2. Detailed Notes (Continued)

B. Capital Assets

A summary of the changes in capital assets for the year ended December 31, 2014, follows:

	Balance January 1	Additions	Deletions	Balance December 31
Capital assets depreciated				
Sewer lines	\$ 6,289,172	\$ -	\$ -	\$ 6,289,172
Lift stations	1,518,510	-	-	1,518,510
Equipment	231,233	-	(5,572)	225,661
Total capital assets depreciated	\$ 8,038,915	\$ -	\$ (5,572)	\$ 8,033,343
Less: accumulated depreciation for				
Sewer lines	\$ 1,686,150	\$ 125,783	\$ -	\$ 1,811,933
Lift stations	1,518,510	-	-	1,518,510
Equipment	153,318	7,115	(1,951)	158,482
Total accumulated depreciation	\$ 3,357,978	\$ 132,898	\$ (1,951)	\$ 3,488,925
Total Capital Assets, Net	\$ 4,680,937	\$ (132,898)	\$ (3,621)	\$ 4,544,418

C. Net Position

Net position is reported in three broad components--investment in capital assets, restricted, and unrestricted. In addition, the System's Board has designated a portion of unrestricted net position for capital improvements. These designations are internal and can be changed by the System's Board. The amount designated for capital improvements at December 31, 2014, was \$191,508.

3. Risk Management

The Pike Lake Area Wastewater Collection System is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The System has purchased commercial insurance to insure these risks. There were no significant reductions in insurance coverage from the previous year. There were no settlements in excess of insurance during the last three years.

**PIKE LAKE AREA WASTEWATER COLLECTION SYSTEM
TWIG, MINNESOTA**

**SCHEDULE OF FINDINGS AND RECOMMENDATIONS
FOR THE YEAR ENDED DECEMBER 31, 2014**

**FINDINGS RELATED TO FINANCIAL STATEMENTS AUDITED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

INTERNAL CONTROL

PREVIOUSLY REPORTED ITEM NOT RESOLVED

Finding 2008-001

Internal Controls/Segregation of Duties

Criteria: Management is responsible for establishing and maintaining internal control. This responsibility includes the internal control over the various accounting cycles, the fair presentation of the financial statements and related notes, and the accuracy and completeness of all financial records and related information. Also, management is responsible for controls over the period-end financial reporting process, including controls over procedures used to enter transaction totals in the general ledger; initiate, authorize, record, and process journal entries into the general ledger; and record recurring and nonrecurring adjustments to the financial statements. Adequate segregation of duties is a key internal control in an organization's accounting system.

Condition: The limited number of personnel results in a lack of segregation of accounting duties necessary to ensure adequate internal accounting control. In addition, audit adjustments were necessary to convert the Pike Lake Area Wastewater Collection System's financial records to the financial statements as reported. These adjustments, which were determined to be material to the financial statements, affected assets, expenses, and net position.

Context: It is not unusual for an organization the size of the Pike Lake Area Wastewater Collection System to be limited in the internal control that management can design and implement into the organization.

Effect: Inadequate segregation of duties could adversely affect the Pike Lake Area Wastewater Collection System's ability to detect misstatements in a timely manner by personnel in the normal course of performing their assigned functions.

Cause: The size of the Pike Lake Area Wastewater Collection System and its staffing limits the internal control that management can design and implement into the organization.

Recommendation: Management should be aware that segregation of duties is not adequate from an internal control point of view. We recommend the Board of Directors and management be mindful that limited staffing causes inherent risks in safeguarding the Pike Lake Area Wastewater Collection System's assets and the proper reporting of its financial activity. We recommend the Board of Directors and management continue to implement oversight procedures and monitor those procedures to determine if they are still effective internal controls.

Client's Response:

We are well aware of the importance of segregation of duties. With Evergreen Accounting handling the financial duties, Pike Lake Area Wastewater Collection System believes that we have implemented all the procedures possible for an organization our size to help us make sure things are done correctly.

Our Treasurer receives the bank statements and then emails them to Evergreen Accounting to reconcile. After being reconciled, they are emailed back with the reconciliation.

The Board receives a complete package of checks being paid, financial statements and large bills so they can review them before the monthly Board meeting which Evergreen Accounting attends.

We follow very closely what is being done to protect our PLAWCS customers.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Independent Auditor's Report

Board of Directors
Pike Lake Area Wastewater Collection System
Twig, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Pike Lake Area Wastewater Collection System as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the System's basic financial statements, and have issued our report thereon dated December 31, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Pike Lake Area Wastewater Collection System's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the System's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the System's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings and Recommendations, we identified a deficiency in internal control over financial reporting that we consider to be a material weakness.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of the System's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency described in the accompanying Schedule of Findings and Recommendations as item 2008-001 to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Pike Lake Area Wastewater Collection System's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Minnesota Legal Compliance

The *Minnesota Legal Compliance Audit Guide for Political Subdivisions*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, contains six categories of compliance to be tested in connection with the audit of the System's financial statements: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, and miscellaneous provisions. Our audit considered all of the listed categories, except that we did not test for compliance with the provisions for contracting and bidding because there were no applicable procurements and for public indebtedness because there is no debt.

In connection with our audit, nothing came to our attention that caused us to believe that the Pike Lake Area Wastewater Collection System failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for Political Subdivisions*. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the System's noncompliance with the above referenced provisions.

Pike Lake Area Wastewater Collection System's Response to Findings

The Pike Lake Area Wastewater Collection System's response to the internal control finding identified in our audit has been included in the Schedule of Findings and Recommendations. The System's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting, compliance, and the provisions of the *Minnesota Legal Compliance Audit Guide for Political Subdivisions* and the results of that testing, and not to provide an opinion on the effectiveness of the System's internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the System's internal control over financial reporting and compliance. Accordingly, this communication is not suitable for any other purpose.
